MAHNOOR D/O MUHAMMAD ISHAQ

Front-End Developer | Canva Designer | Nuclear Policy Researcher

PERSONAL PROFILE

International Relations professional and Front-end Developer with a unique background as an Expert Contributor at ONN. I bridge the gap between complex nuclear policy research and digital innovation, using React and modern design principles to build data-driven, user-centric web applications.

WORK EXPERIENCE

1. EXPERT CONTRIBUTOR (PROJECT LOOP)

Open Nuclear Network (ONN) | May 2026 – Present

- Contribute high-level research and strategic analysis to Project Loop, focusing on global nuclear policy and security.

2. CTBTO YOUTH GROUP MEMBER (REMOTE)

Comprehensive Nuclear-Test-Ban Treaty Organization | July 2025 – Present

- Participate in global discussions regarding nuclear disarmament and international peace initiatives.

3. DIGITAL ADVOCATE (VOLUNTEER)

Institute of Policy Studies (IPS), Islamabad | July 2025 – August 2025

- Promoted policy publications through digital platforms.

4. TECHNICAL PROJECTS

WEALTHWATCH DASHBOARD

- Developed a minimalist financial management dashboard using React and Vite, focusing on clean UI/UX and modular CSS logic.

MODERN LANGUAGE TRANSLATOR

- Built a sleek, API-driven translation tool using JavaScript (ES6+) and SCSS to handle real-time data fetching and responsive design.

EDUCATION

- BS IN INTERNATIONAL RELATIONS - CGPA 3.26**
University of Karachi 2020-2024
- INTERMEDIATE IN PRE-MEDICAL - 75%**
Grace Intermediate College 2017 - 2019
